Report of Principal and School Improvement Council

The 2009-2010 school year at WGE was once again a very successful year for many students, teachers, and the school. Students, teachers, assistants, support staff, and administration always have a full schedule of activities and assignments devoted to personal and community advancement for all members. Our efforts would not be possible without the great support from our PTO, parents, grandparents, and other community volunteers.

"What a Wonderful World" was highlighted as the 09-10 theme, and activities and displays were prepared accordingly. Lessons, goals, and units of study are standards-based at every grade level, and we are diligent in our efforts to provide a high quality education for all students. We were honored to receive two awards on the state level through the Education Oversight Committee. We received the EOC's gold award for academic achievement, and we received a silver award for our strides in closing the achievement gap, which is a national, as well as, state effort. Several teachers receive grants each year that allow them to purchase new materials and offer new experiences in their classrooms, and the students are the immediate beneficiaries of these grants. Several students were recognized at the state level for their artistic submissions to a contest held in conjunction with our "Fresh Fruits and Vegetables" grant received by Mrs. Gwen Phillips. Mrs. Becky Poston used grant funds to develop an outstanding musical presentation that featured students in grades 1-5. Faculty and staff attend meetings, courses, and workshops every year to learn as much as possible to develop their own professional skills as well. Several teachers and the principal also worked with a district technology team, as we have an on-going goal of improving our technology program.

Character development is an integral part of our programs and our daily operations. We incorporate these vital lessons in all settings, and we use specific lessons devoted to character as well. Our physical education department has continued their efforts to promote student and community wellness through physical activities at home and school, and we also reach out to do our part in taking care of the planet in our various recycling efforts. We seek to develop and maintain an approach to education and social efforts that will lead to character and citizenship development on many levels.

As always, it is our aim to see that every child receives the best that we have to offer in order to help them become happy and productive citizens.
